

Infirmiry Health Patient Choice List  
Home Health Agencies

Dear Patient and Family:

Your physician has ordered/recommended Home Health services after you leave the hospital.

You have the right to select any provider for the care ordered by your physician, this is your choice.

Infirmiry Health has established a Collaborative Care Network (CCN) that includes preferred Home Health agencies who partner with us to improve patient outcomes and better coordinate your care. Our affiliated providers, CCN participants, and other available providers are listed below.

If you do not have a preferred provider the Case Manager or Social Worker may default to the Infirmiry Health affiliated providers and the participants of the CCN.

You may be notified of certain services or providers which are not available or may not be covered by your insurance so you can consider this in your decision. In the event your choice is unavailable or unable to meet your needs an alternate choice will need to be made.
