

Internal Medicine Residency Program Quarterly Deep Dive Conference

(4th Tuesdays – September, December, March and June)

Dates:

- **March 25, 2025**
- **June 24, 2025**
- **September 23, 2025**
- **December – Date TBD**

Time: 12-1 p.m.

Location: GME Classroom

Target Audience: All provider specialties

Cases/Presenters: TBD

Objectives:

- Identify the indications and contraindications for new modalities in the prevention, diagnosis, and treatment of specific medical conditions.
- Formulate prioritized differential diagnoses for the clinical presentation of specific medical conditions, diagnoses and diseases.
- Apply clinical guidelines to patients under their care with an understanding of the rationale behind the guidelines and the expected outcomes of specific medical conditions, diagnoses, and diseases
- Integrate research techniques related to specific medical conditions diagnoses and disease, into their own clinical, translations or basic science research.

Identified Need: This activity is a critical part of the residents' learning process and their development as practitioners who prioritize care, quality and patient safety. Cases of unexpected morbidity or mortality are presented and discussed to identify opportunities to improve performance and clinical outcomes.

Disclosures: **IMRP/Activity Director**—Dr. JoAnn Wood disclosed Consulting/Case Management, which has been mitigated with attestation; and **Activity Planner**—Latasha Williams has no relevant financial relationships with ineligible companies to disclose. Disclosures of the Medical Education Committee have been reviewed; no relevant relationships exist pertaining to this activity with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Designation Statement: The Mobile Infirmary designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation Statement: Mobile Infirmary is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.
